Comments about your student or about this year in Science:

\_\_\_\_\_

Please let me know if you have any expertise in one of the areas we will be studying this year and could come to the class to talk with the students, or know of some one who could. Also, would you be able to come in to help with a lab on Thursday, or to procure the materials needed for one? Volunteers are always needed, even in the Junior High!

Thank you. \_\_\_\_\_
