As you can see, we have a busy semester ahead of us. Do not get behind. Start projects well in advance of the due date. None of these projects will be accepted late.

I am working on a field trip for an "On Assignment" project...however only students with "A" daily grades will be allowed to go...all other students will need to do the assignment on their own time. I will confirm the "On Assignment" project and give you a due date when everything has been arranged.
